Olds Open Space and Trails Master Plan – Public Survey
Take time to have a say in what happens in our Community!

Olds, Alberta - The Town of Olds is seeking your input for planning parks and trails in our community. When you open your utility bills this month you will receive a short survey about the Open Space and Trails system in Olds. Take a few minutes and share your ideas. We value your input! This survey will also be available on our website www.olds.ca where you can complete the survey on line.

We want your comments and suggestions on improving and enhancing our trails and parks! You will be able to tell us your ideas about:

- How you use the trails and pathways now.
- What parks and outdoor activities you feel need improvement or development.
- Whether Olds' parks and trails make the grade for you and your family.

Share your thoughts!

By completing a survey you will be eligible for a prize draw of a \$100.00 grocery voucher. Watch the paper for other opportunities to provide input to the growth and development of the parks and pathway resources of the community. Public input sessions and open houses will be announced as information is collected.

About the Town of Olds:

The town of Olds is located along the Highway 2 corridor with a population of over 8,200 people that serves a trading area of 40,000 people. The Town of Olds is charged with the responsibility of delivering services and decisions relative to: bylaw enforcement; roads and public works maintenance; property assessments; fire; and emergency services; and recreational facilities.
