Town of Olds 2010 Municipal Improvements Program Update

Olds Alberta, 20 August 2010 – Construction will commence shortly on the Highway 27 Asphalt Removal and Resurfacing from Sundre, through the town of Olds, to Highway 2. This Project is sponsored by Alberta Transportation with funding assistance from the Government of Canada. Eagle Engineering is providing project management and the contractor is Lahrman Engineering Inc.

The project will start near Sundre, moving East through Olds and finishing near Highway 2 as indicated on the plans below, and will last approximately 6 to 8 weeks, weather-permitting .
