

# Street Sweeping & Lane Grading

Street Sweeping and Lane Grading take place in Spring and Fall.

Town staff do the downtown area and the primary and collector streets first, and then move on to residential areas. Signs are posted the day before on streets to be swept. As sweeping begins at 6 am, please remove vehicles from the street the night before. NOTE: for maximum efficiency, the sweeper does an area once and moves on to the next - it won't come back to do spots missed because vehicles weren't moved.

The schedule may be interrupted by bad weather, equipment failure, or other operations emergencies. Staff do their best to get to your area as fast as they can! We appreciate your cooperation.

Questions? Call 403.507.4834.
