24 June 2010

All municipalities served by the Water Services Commission are now at a LEVEL 1 RESTRICTION until further notice.

Level 1 = Restrict outside watering (lawn, garden, car washing at home, etc.) to even-numbered addresses on even calendar days, and odd-numbered addresses on odd calendar days.

The Mountain View Regional Water Services Commission owns and operates the Anthony Henday Water Treatment Plant, which is situated on the banks of the Red Deer River northwest of Innisfail.

The Anthony Henday plant is a regional water treatment plant which serves a growing population of 25,000 people in the six communities of Innisfail, Bowden, Olds, Didsbury, Carstairs and Crossfield.

As the providers and stewards of our water, the Commission at its discretion may impose Water Restrictions on its member communities at any time. The Commission reviews water restrictions with its member communities annually. There are four Water Restriction levels:

Level 1 – Restrict outside watering (lawn, garden, car washing at home, etc.) to even-numbered addresses on even calendar days, and odd-numbered addresses on odd calendar days.

Level 2 – Ban on all outside watering AND Limit sale of Bulk Water at the discretion of the Town (if applicable) AND Industrial Users requested to limit their consumption where possible until further notice.

Level 3 – Ban on all outside watering AND Discontinue sale of Bulk Water (if applicable) AND Ban on all water use by Industrial Users and Commercial establishments such as Car Washes.

Level 4 – Ban on ALL water use except for essential services (fire fighting / hospital / medical).
