

2027 Budget Survey Open Until August 5

What should the Town of Olds prioritize?

As Council begins planning the 2027 budget, we want to hear what matters most to you.

This survey focuses on areas where Council may need to make difficult decisions in the coming years. Your feedback will help Council better understand community priorities as budget discussions begin and support long-term planning.

Take a few minutes to complete the survey by August 5, 2026.

Data Centre Update

We don't have all the answers yet and decisions are better made with verified information.

So how much water does a data centre actually use? Less than you might have heard, but still an important issues we're focused on. Learn more about water availability and projected usage at engage.olds.ca under Water, Environment and Emissions.

Share Your Thoughts on the Future of Centennial Park

Centennial Park has been at the heart of our community for generations, and we're excited to share a proposed long-term vision for its future.

The concept outlines potential improvements to accessibility, gathering spaces, amenities and the overall visitor experience that could be completed in phases over the next 10 years as funding becomes available.

We'd like to hear what you think. Review the concept drawings, explore the proposed vision and complete a short questionnaire to share your feedback.

View the plan and participate online.
