Help Shape the Future of Recreation in Our Region

What recreation facilities, programs or opportunities are important to you?

The Town of Olds, Mountain View County, Olds College, Chinook's Edge School Division, and Olds Regional Exhibition are working together to better understand current and future recreation needs across the region.

Your feedback will help guide long-term planning by identifying community priorities, evaluating future opportunities, and supporting informed decision-making. This study does not mean a new facility will be built. It is about understanding what matters most to residents and planning for the future.

The survey has been extended to July 10, 2026, and takes about 8 to 10 minutes to complete.

Share your feedback today.
