

Got a Big Idea for Olds? Let's Make It Happen.

The Spring 2026 intake of the Mountain View Power (MVP) Community Grant Program is open this month — and it's your chance to turn great ideas into real impact.

If your non-profit or not-for-profit organization has a project that will bring people together, strengthen our community, or enhance quality of life in Olds, we want to hear from you.

MVP provides natural gas and electricity to local homes and businesses — and what makes it different is simple: our profits stay right here in Olds. Every customer we have helps fund community projects that move our town forward.

Since 2023, more than \$367,000 has been invested into a variety of local initiatives supporting social, cultural, and economic priorities.

Have an idea that could make a difference? Apply for the Spring 2026 intake today at www.olds.ca/mvp.

SPOT A PROBLEM? LET US KNOW

Help us keep Olds running smoothly. If you notice issues such as potholes, water or sewer concerns, playgrounds, parks, trails & sidewalk or road problems, or snow and ice, please use the Town's Report-A-Problem online portal.

Why Use Report-A-Problem?

Submitting online ensures your concern is:

- Routed to the correct department
- Logged and trackable
- Reviewed more efficiently
- Documented for planning and follow-up
- Ensures a quicker response

Online reporting helps Town crews prioritize and respond more effectively across the community.

New Online E-Permitting Now Available

The Town of Olds is excited to launch our new Citywide E-Permitting system. It makes applying for permits faster, easier, and more convenient for residents, contractors, and businesses. Planning a renovation, new build, signage, subdivision, or applying for or renewing a business licence? You can now complete much of the process online — anytime, from anywhere.

What is Citywide E-Permitting?

Citywide E-Permitting is the Town's secure online platform that allows users to:

- Submit permit applications electronically and reduce your paperwork
- Upload drawings and supporting documents for faster processing
- Monitor application status in real time and receive notifications and updates
- Communicate directly with Town staff within the system
- Reduce the need for in-person visits, with the ability to apply 24 hours a day, 7 days a week

This system improves efficiency for applicants while helping the Town process permits more quickly and accurately.

Getting Started is Easy

1. Visit the Citywide E-Permitting portal at www.citywideportal.com
2. Create your secure account
3. Submit your application and upload documents
4. Track progress and respond to any review comments

If you need assistance getting started, Town staff are happy to help.
