Synapse Real Estate Corp
Synapse Data Center Power Plant Project
Proceeding 30732
Application 30732-A001

Statement of intent to participate submission deadline update

1. On April 29, 2026, the Alberta Utilities Commission issued a notice of information session and hearing for the Synapse Data Center Power Plant Project, which included a statement of intent to participate (SIP) submission deadline of May 29, 2026.¹
2. On June 16, 2026, the Commission issued a ruling on standing and a process schedule update suspending the current process steps until Synapse provided responses to the Commission's additional information requests.² Since the SIP submission deadline, and the subsequent standing ruling, the Commission has received numerous additional SIPs.
3. The Commission has authorized me to communicate the following.
4. The Commission notes that many of the concerns identified in the additional SIPs have already been raised by earlier participants with standing.
5. Synapse has also acknowledged that some landowners may not have been notified about the project due to Synapse's inadvertent error in determining the notification boundary. Synapse has stated to the Commission that it has since addressed this issue and mailed the participant information package to all landowners within a re-notification boundary zone.³
6. In order to minimize a duplication of effort among interveners, the Commission will no longer accept additional SIPs after July 15, 2026. The Commission will issue a final standing ruling shortly thereafter.
