Making Accessible Transportation A Priority

A growing number of older adults and people with mobility issues in the Town of Olds who want to live in their own homes face barriers to accessing the non-medical services they need to live independently in the community, including accessible and affordable transportation.

Older adults or those with mobility issues have priority booking status and can book the bus three days or more in advance of day needed to ensure time slot availability.

We also understand that there is a need for affordable transportation in our community and have taken steps to allow the Sunshine Bus to be booked by the public. We are now accepting public bookings.

General public or priority clients can book 24 hours in advance or same day if space is available. A one-way ticket costs \$5.00 per person. Or an 11-trip Punch Pass may be purchased for \$50.00.

Punch Passes can be purchased at the Town Administration Office and Aquatic Centre by cash, credit or debit. Punch passes can also be purchased from the bus driver or at the Community Connection Centre but by cash only.

For more information, visit the Town of Olds website.
