WASTE CONNECTIONS
OF CANADA

- = Garbage (Black Bin)
- = Compost (Green Bin)
- = Recycle (Blue Bin)

➤ All bins must be out for pickup by 7:00 a.m. on your pickup day

➤ If you have ALLEY pickup, bins must be placed on EACH SIDE of the alley, depending on bin colour, as follows:

BLACK bins must be placed on either the NORTH or EAST side of the alley only.

GREEN/BLUE bins must be placed on either the SOUTH or WEST side of the alley only.

➤ Lids must be CLOSED or your refuse may not be picked up.

➤ Please ensure bins are put away at night to avoid damage, as the Town is not responsible for the bins (lost, stolen or damaged).

➤ Store bins inside your property lines.

➤ If pickup on your block is only on one side, pickup location is on that side only.

➤ ALL bins must be placed at least three feet apart from each other and from any obstacles.

Town of Olds Recycling and Waste program uses a three-week rotational, three-stream waste collection system and offers diversion opportunities for a number of materials.

This schedule allows residents to divert as much waste as possible from landfills, and convert this material into new products, or high quality compost.

A full guide is available on the Town website at

www.olds.ca

and will assist in determining the appropriate disposal option for common household materials.
